REMEDIAL TEACHING PROGRAM FROM DEC. 2022 TO JAN. 2023

Remedial Teaching program was conducted for students failed in December 2022 qualifying exams, about a fortnight before their University exam. The remedial teaching program was prepared according to the feedback received from the students through the Microsoft forms. Teachers conducted the remedial teaching as per the difficult topics mention by the students. After completion of remedial teaching, feedback regarding the program was taken from the students.

The objectives of the Remedial Teaching Programs as follows:

- To give additional help to learners who have fallen behind the rest of the class in any topic or subject.
- To provide necessary help and guidance to overcome their problems
- To solved the practical and theoretical difficulties of all subjects

As per published time table of Remedial Teaching for II, III, IV B.H.M.S. (Ac Yr 2022-2023) remedial classes were conducted batch wise for University Exam appearing subjects. The short overview and report of activities conducted by various departments as per follows.

II B.H.M.S. – From 26/12/2022 to 29/12/2022 – 4 days.

III B.H.M.S. - From 26 /12/2022 to 29/12/2022 – 4 days.

IV B.H.M.S. - From 2/1/23 to 10/1/23 – 9 days.

Description of Remedial Teaching activity conducted by respective department as follows:

| II BHMS | | | | | | | |
|---------|-------------|---------|------------------|-----------------|---|---|--|
| Sr. no | Date / time | Subject | Faculty | No. of students | Feedback (before remedial) | Feedback (after remedial) | Measures taken by faculty |
| 1. | 28.12.22 | Patho. | Dr SEK | 7 | Difficulty in identification of specimens & understanding General pathology | All specimens shown in detail. General pathology well explained | Revision of Pathology specimens done and general pathology explained in details. |
| 2. | 27.12.22 | FMT | Dr RMR Dr NPC | 97 | Difficulty to understand injury topic & toxicology. | The topics on injury & toxicology were well explained. | Injury, Medicolegal aspect of death, toxicology topic were explained in details. |
| 3. | 26.12.22 | HMM | Dr PPR | 27 | Difficulty in writing drug picture & short notes. | Understanding of writing of drug pictures & short notes cleared | Drug pictures & short notes writing practice done. |
