BHARATI VIDYAPEETH

Bharati Vidyapeeth, the parent body of Bharati Vidyapeeth (Deemed to be University) was established on 10th May 1964, by distinguished educationist Hon'ble Dr. Patangraoji Kadam, with a mission of promoting 'Social Transformation Through Dynamic Education'. Since its establishment, it has maintained the highest standards and has proliferated innovative practices in the education sector.

In the year 2013-14, Bharati Vidyapeeth celebrated the glorious Golden Jubilee year of imparting education and inculcating moral values among the youth. During the last 5 decades, Bharati Vidyapeeth has made astonishing strides in the field of education. Today it is one of the largest educational organizations in the country that imparts education right from the pre primary to the doctoral level. The spectrum of Bharati Vidyapeeth institutions of higher education spans all professional disciplines which include the colleges of Medicine, Dentistry, Nursing, Audiology, Optometry, Ayurved, Homeopathy, Engineering, Architecture, Management, Law, Pharmacy, Hotel Management and Catering Technology, Environment Education, Physical Education, Health Management, Biotechnology etc.

Research too is given a high priority in the university. To promote research activities and to create a research culture on its campuses, Bharati Vidyapeeth has established three self-financed specialized research institutes in the areas of Health Related Sciences, Pharmaceutical Science, and Social Sciences.

The colleges are affiliated to various universities including Bharati Vidyapeeth (Deemed to be University), University of Pune, University of Mumbai, Shivaji University Kolhapur and Indraprastha University, Delhi.

With an objective of making educational opportunities available to the deprived sections of the country, Bharati Vidyapeeth has established a large number of educational institutions in the rural areas. Bharati Vidyapeeth with a very moderate beginning in a short span of time has grown leaps and bounds having its major campuses in New Delhi, Navi Mumbai, Pune, Solapur, Kolhapur, Sangli, Karad, Satara and Panchgani.

Bharati Vidyapeeth (Deemed to be University) Pune

Bharati Vidyapeeth (Deemed to be University) came into existence in April, 1996, when the Ministry of Human Resource Development, Government of India, on the recommendations of UGC conferred the status of University on a cluster of 12 institutions of Bharati Vidyapeeth. In appreciation of the academic excellence achieved by the institutions through a committee of experts. Subsequent to that, the Government of India, vide its various notifications brought several other institutions of Bharati Vidyapeeth under the ambit of this University. As on today the University is having 29 constituent units conducting programmes in 12 different disciplines. Bharati Vidyapeeth (Deemed to be University) is one of the largest multi- faculty, multi-campus Deemed to be University in the country which has created a very laudable track record of academic achievements since its inception.

BHARATI VIDYAPEETH (DEEMED TO BE UNIVERSITY) COLLEGE OF ARCHITECTURE

THE RIGHT CHOICE :

In keeping with the tradition Bharati Vidyapeeth University has started M.Arch. (Sustainable Architecture) PG Course for the first time in Maharashtra State and in India from August 2006.

The field of Architecture continues to assure greater demand with the ever increasing requirements of housing, designing & construction of various types of structures needed for the Nation building. Due to increasing trend of Urbanisation, there is an increase in the demand of accommodation, both residential as well as industrial. Thus great opportunity exists for trained personnel in Architectural field. There is also a great potential for Architects to develop into successful entrepreneurs.

Bharati Vidyapeeth (Deemed to be University), College of Architecture is an institute dedicated to provide quality professional education in the field of Architecture. We impart our students the knowledge & specific skills necessary to lead successful lives and to grow into positions of influence & leadership in their profession.

Bharati Vidyapeeth (Deemed to be University), College of Architecture has been engaged in preparing students to make successful careers for more than a decade. Along the way, we have developed our own way of doing things, things that our students like and things that employes / clients like & appreciate too.

As a part of Bharati Vidyapeeth, we contribute in our own way to the vision of our founder, Dr. Patangrao Kadam - "Social Transformation through Dynamic Education", by nurturing the spirit of professional education as a source and a system to shape the individuals to become competent professionals & responsible human beings of the society.

OUR GOALS :

- F Ensuring maximum exposure & interaction of students with the professionals, and building industry.
- F Continually upgrading & modernizing the educational environment for excellence.
- F Establishing center for studies in Energy Conservation & Environment Protection.
- F Encouraging financial resource generation activities for self-sustenance.
- F Helping intelligent but poor students to acquire higher education.

Realising the increasing importance of Architecture as a profession, Dr. Patangrao Kadam, the founder of Bharati Vidyapeeth with his unusual futuristic vision established College of Architecture, Pune in 1994.

Over the years, the college has established itself as an ideal centre of Architectural Education.

BHARATI VIDYAPEETH DEEMED UNIVERSITY, PUNE COLLEGE OF ARCHITECTURE

WELCOME MESSAGE FROM THE PRINCIPAL :

Bharati Vidyapeeth (Deemed to be University) is a multi-disciplinary and faculty University which includes colleges of Architecture, Engineering, Management, Medical, Pharmacy, etc where students can learn a lot from various activities in the college campus itself. This University has several campuses across the country as well as abroad. The Dhankawadi, Pune is one of the prime campus of Bharati Vidyapeeth (Deemed to be University) and is spread across 85 acres of land which is very conveniently located on Pune-Satara road. It houses 24 colleges of various disciplines major among them are the Medical College, Dental College & College of Engineering Pune. This campus has a fully developed football and sports ground of 5 acres. It also houses the Bharati Hospital, and an Ayurved and Homeopathic Hospital, There are Hostels on campus for students, staff quarters, canteens, an ATM centre, Bharati Bank Branch, 24 hrs open Medical Store, Mess facility and the campus is a well maintained environment friendly green campus.

The Bharati Vidyapeeth (Deemed to be University) College of Architecture all faculty's are post graduates while some pursuing their PhD's in different fields which includes architecture as well as engineering which helps the students with dealing various academically related issues. The College provide UG as well as PG programmes with research in various fields. The students are given exposure not only to just the academics part but they are also given scope to learn things from themselves and acquire practical knowledge on their own by various live case studies, site visits and hands on workshops & seminars.

We, at Bharati Vidyapeeth (Deemed to be University) College of Architecture have always worked towards furthering our philosophy of value-based education through motto "Social Transformation through Dynamic Education". It gives me immense pleasure in welcoming you to the Bharati Vidyapeeth (Deemed to be University) College of Architecture in Pune. Since its establishment in 1994, the college has guided more than 1400 students to achieve their dream of becoming architects. In the last five years, since the introduction of first Master's Degree in Sustainable Architecture, more than 300 postgraduates have found excellent work opportunities in the fields related to built environment and sustainability. As a college belonging to a reputed university, we have a determined focus of having an independent campus, infrastructure and facilities that would boast international standards. It gives me great pleasure to see, the college make a prominent mark in the field of art & architecture education and students growing aesthetically, intellectually, culturally, and spiritually. The college has NSS unit under which students are trained and motivated to render the social services in rural as well as urban parts for upgrading lifestyle of the people by conducting health, awareness, educational and other services for the community.

The concept of a global village could not have been defined in the world at a better time than today. With fast paced developments taking place in various fields around the world, it has made the world a smaller place. The emergence of India on the world map in recent years as a country that cannot be ignored has made the task at hand more compelling than ever before. We feel very happy to be known as an institution that is gearing to become one of the finest in the country in fields of Architecture. While we are aware of our social responsibility as educators, we also aim at instilling the same spirit of service as professional architects in our students. In addition to building a strong culture of teaching and learning, we also strive to contribute to the betterment of living conditions for the society through our research and practical projects.

To achieve our goals of excellence in architectural education, we are equipped with the state of the art infrastructure facilities including a fully stocked having more than 5000 books and updated library along with all e-learning resources. The college has a well equipped climatology, survey and levelling laboratory. Highly experienced faculty members, furnished class rooms, studios, computer labs, and construction workshop, etc. The campus of Bharati Vidyapeeth (Deemed to be University) being multi-disciplinary is also an added advantage to the students to learn more architectural variations and observations. On-campus facilities such as hostels, hospital, bank, and playground are also made available to all the students. I am confident, that with the support of management and efficient and dedicated team of forever enthusiastic students, we shall continue to deliver the best architectural education in India.

I hope as a Principle I help my students to continue to grow with excellence. I heartily appreciate the guidance of our management and participation of staff and students in the endeavour towards excellence.

As a Principal I am very proud of the College achievements and I am absolutely confident that at Bharati Vidyapeeth (Deemed to be University) College of Architecture we not only educate every student, but cater for individual needs and a highly sustainable future, thus ensuring good citizens of India.

Our aim is to transform candidates into good students and then into good professional architects. I invite you to visit us and join hands with us for a brighter future together.

SITE SHADOW ANALYSIS...

- The site was divided into various zones for the analysis of shadow pattern on the open pathways in the campus.
- The highlighted portion indicated the Zone 1 extended part of the campus, which accounts a total area of 10160 sq.m. the total number of matured trees in the particular zone are approx.180.
- The shadow analysis is done for three months January, march and may with the critical timings of 9am, 12pm and 3pm which covers the institution span.

SITE ANALYSIS FOR JANUARY:

JAN 9 AM

JAN 12 noon

JAN 4 pm

MARCH:

MARCH 9 am

MARCH 12 noon

MARCH 4 pm

MAY:

MAY 9 am

MAY 12 noon

MAY 4 pm

The pathways are shaded during the critical months of the year protecting the users from the scorching heat of summer at morning and afternoon except at 12pm, the shadow does not totally cover the pathway.

INTERPRETATION

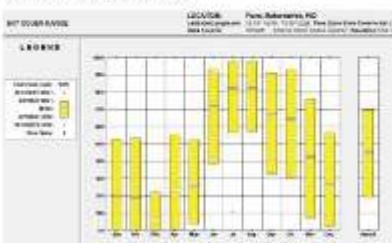

CLIMATIC ANALYSIS contd.,

RADIATION CHART

Radiation chart; the margin zone indicates the harsh radiations which is more than 774W/sq.m of area.

SKY COVER RANGE

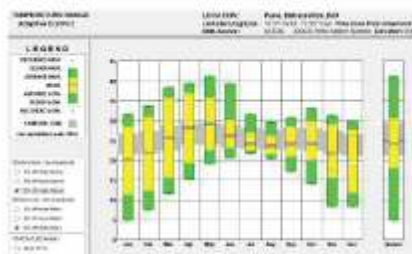

The sky is covered in the months of June-October. The chart indicates the average high and average low % of sky cover throughout the year.

WIND WHEEL

Wind wheel; prevailing wind direction is from West, as one is surrounded by valleys from all the sides and gets its wind from the western ghats.

TEMPERATURE RANGE

The yellow zone depicts the average high and low range. The lowest is in December which is 9 deg.C and highest in April which is more than 35 deg.C. Green zone indicates the designed high and low temperature range.

College of Architecture, Pune is Constituent Unit of Bharati Vidyapeeth (Deemed to be University), Pune, India
Approved by : Council of Architecture, New Delhi and University Grants Commission, New Delhi, AICTE

Full time course	Level	Annual Intake	Duration
Master of Architecture. <i>(Sustainable Architecture)</i>	Degree Course	20 (Twenty)	2 (Two) Years

OBJECTIVES OF THE COURSE

MASTER OF ARCHITECTURE IN SUSTAINABLE ARCHITECTURE - M.ARCH. (SUSTAINABLE ARCHITECTURE)

EVOLUTION :

Sustainable development has been defined by the Brundtland Commission Committee (1987) as "Development that meets the needs of the present, without compromising the ability of future generations to meet their own needs." In other words, the concept of living within the capability of supporting eco system can be the basis of sustainable development. In urban context, the sustainable development has been defined as development that is non-damaging to the environment and which contributes to the city's ability to sustain its social and economic structure.

BROAD OBJECTIVES :

Introduction of sustainable building measures can make an important contribution in minimizing the impact of this evolution. More than 20% of the current energy consumption can be saved by 2010 by applying more ambitious standards. It also represents a considerable contribution to meeting Kyoto Protocol (up to 30 to 45% million tones of carbon dioxide per year)

Technology is the principal instrument that will facilitate more rational use of resources during the entire life- cycle of the building. It will also help in responding adequately to the various contexts of the design process such as Climate, Culture, Comfort, Energy, Environment and Ecology, taking a holistic approach and using Scientific Methodology.

RELEVANCE :

Architecture, which is the most demanding of the contemporary disciplines, has both an obvious artistic component and also less obvious, but not less essential, scientific component. Our responsibility to improve the quality of life also beacons us to develop scientific and mathematically based methods of design of Thermal, Luminous, Acoustic and Aqueous environments. The Energy and Environmental issues have brought a new dimension to this process.

Most important of all, an architectural design consists of an ounce of artistic inspiration (aesthetics), which has to be supported by tones of logical argument (i. e. Technology and Engineering)

SYLLABUS:

The syllabus focuses on the four building environments namely: Thermal, Luminous, Acoustics and Aqueous. In order to equip students with sustainable architectural practices they are introduced to various areas in the field such as energy management, evaluation criteria for green buildings, environmental laws and research methods along with design responses to each environment in detail. Internship, site visits and workshops are introduced in the syllabus to gain practical knowledge in the field.

Broad areas of study

- Sustainable Building Design Principles
- Sustainable Material and Technology
- Climate Responsive Architecture
- Energy Management
- Energy Systems and Efficiency
- Energy Efficient Building Design
- Energy Audit
- Environmental Impact assessment
- Evaluation Criteria for Green Buildings
- Environmental Laws and Legislation
- Research Methodology
- Sustainable Settlement Planning.
- OPEN ELECTIVES

HIGHLIGHTS**ISLE (Indian Society of Lighting Engineers):**

A Students ISLE Students Chapter to promote industry institute interaction in the Lighting Field in terms of professional interactions, site visits, expert lectures, research opportunities and curricular activities.

IGBC STUDENTS CHAPTER :

Association with the Indian Green Building Council (IGBC) as a part of Industry Institute Interaction and an opportunity for the students to be a part of Green Building Movement of India.

CLIMATOLOGICAL LABORATORY :

Comprising latest instruments for measuring climate variables such as, Pyranometer anemometer DB and WB thermometers, wind wane and speed indicators, raienguage, luxmeter and sound meter.

FIELD EXPERIENCE:

- ? On site experience, Industrial interaction, Seminars and Workshops are organised for the students by the institute.
- ? Lectures of Technical Experts from various Building / Industrial Groups are arranged for students so as to upgrade their knowledge of Current Market Trends.

FACILITIES :

Well equipped library, well appointed laboratory, highly experienced Resource persons, furnished class rooms, Studios, Computer labs and other laboratories.

ASSOCHAM GEM (GREEN BUILDING COUNCIL)

MOU with ASSOCHAM GEM for knowledge sharing and professional interactions.
